My Time of 33 years plus with [REDACTED]

33 years plus paying money to [REDACTED] Today this very day i will pay \$20 per day which i do every day for a long time, that money is to sustain a tpd policy of 33 years plus incase i happen to get sick well it so happens recently i have became deaf and forced to close my business of 30 plus years and now have no income, I was forced recently to drop my death Cover on this policy i could no longer afford and now \$20 per day to sustain a tpd which i have just had claim rejected for going deaf, How about that after 33 years plus of paying big money into amp super plan and guess what after 33 years plus i am left with approx \$8000 for which i pay \$20 per day into, My Claim for going deaf has been rejected by [REDACTED] so every document since the middle eighties has been sent to the lawyers slater gordon melbourne lawyers and other media outlets, truly is this australian is this how we treat each other, and the \$8000 Balance is super with [REDACTED] today with a \$20 per day payment and no job or income they have stuffed me completely [REDACTED] if i stop paying the \$20 per day which i cannot afford to eat to sustain a tpd policy with death benifit deleted, i will have nothing at all after 33 years plus, Thats how amp super plan has worked for me over 33 years plus maybe more. i have every [REDACTED] document since middle eighties, and the last thing i have asked for the mere \$8000 left after 33 years to be refunded some time back i have received nothing so that could be gone as well not sure. And yesterday i used the government relay site website for the deaf to make direct contact with my so called case manager it was there to help me Actually hung up on me and left me on the Deaf site, is that the way the we look after australians, Truly ????????
