Hi Team,

I'll keep this short and sweet as I know im passed the deadline. Why do insurance companies charge 20-30% extra for processing insurance payments monthly? I wold like addressed:

- The justified and itemised costs in relations to this
- The margins made due to this method
- Blatantly, whether gouging is occurring

Very quick and I'm sure it's been raised previously, just my two cents.

Kind Regards,
