That "The Banking Business" has been guilty of abominable behaviour should B obvious 2 all by now.Those put in charge of "Keeping the banks HONEST!" Have just as obviously NOT DONE SO! If we were 2 hear from another 100 or so,victims of bad/terrible behaviour by "The Banks",all the better for that would give even a reluctant government reason 2 go for JAIL TERMS 4 those guilty of this "CRIME AGAINST THE PEOPLE!" Nothoing les than jail incarceration will do! Laws have been made retrospective 4 "Terrorists!" These offences R far more numerous & savage in their effect on individuals & families!
