Your submission:

Dear Commissioner Hayne,

My submission is for the separation of banking and their other investments such as and not limited to -

Insurance's.

Derivative trading.

Mortgage broking.

Superannuation.

All other investing that is not simple banking.

I want my money that I have in the bank safe from any risks banks take with my money.

Glass-Steagall Act of the past in the U.S.A. worked until it was stopped before the 2008 banking crash.

Yours sincerely

E. R. Snyder
