Submission for: My Self

Name of other person, business or organisation:

Do you agree to your submission being published: Yes

Do you agree to your full name being published: Yes

Your submission:

My submission is simple in statement. Reduce the size and functions of the banks. Separate savings banks from high risk financial services in which they are all currently involved. Implement legislation along the Glass-Steagal act which was repealed in the US to completely deregulate the banking industry with susequent catatrophic results.
