Good Morning following my submission yesterday some other contributions to the economic argument come to mind.

Specifically the old testament gives guidance in these situations

1.All Loans repaid (and or released) in 7 years to citizens, overseas loans at bankers discretions Deuteronomy 15:1-11

Implementation could be immediate in personal and business loans and housing loans could be reduced over a generation from 25 year payback to 24 year payback each year. Then Houses could be gifted on marriage as in Italy or inherited or cabins bought as a starter in a caravan Park then after 7 years a new loan to upgrade to a unit and then stay there or upgraded to a house if wished.

2.No Loans to the Poor or those in hardship (eg center link recipients with no assets) Leviticus 25 35 -37

3.The Holy Ghost with evidence of speaking in tongues is the release of the new testament. Acts 2 :4,Acts 10 44-46,Acts 19 1-6

4.Contact www.rci.org.au God is not and Automatic Teller Machine for cash but he will engage you and indwell your and if you Draw Nigh unto Him he will draw Nigh to you (James 4:8) and he will heal the individual and the nation.
