I request that the Banking System Reform (Separation of Banks) Bill 2018 is implemented by the Government. It is imperative that a Glass Steagall system of operation is forced upon the banks so that their commercial and investment operations are totally separated. Their reckless gambling on investments, using our deposits, must be stopped.

Otherwise I believe that a substantial percentage of my investments, plus those of a majority of investors, will be lost in the event of a financial crisis such as that which occurred in 2008.
