Your submission:

The Banks are out of control with their schemes and set ups debt slavery etc we NEED glass steagall act implemented as soon as possible , people have been forced to put their wages etc into a bank so peoples savings should be gauranteed safe, if the bankers want to gamble it should be at their loss not the people,They need to be held accountable for their actions,not just another scheme they set up to transfer all the wealth into their pockets & we pay for it again, more debt slavery !! i cannot believe how the government is not acting in the peoples interest ,or how they have let corrupt bankers run out of control at our expense. Also why is it the findings that the banks are proven complicit in drug money laundering are or have been hushed up they should be MORE accountable than anyone, or is it as it seems we are following the U S footsteps like alot of things that the corruption is so embedded & goes all the way to the top?? Is this why we cant keep a PM and get fed lies about all things are good we have it under control etc etc ?? while they keep people distracted
