To The Financial Services Royal Commission Chair Kenneth Hayne, As to your question of what can be done to prevent the conduct happening again, I believe three things need to take place. #1 Glass Steagall or full banking separation must be implemented now, #2 a full investigation of the bail in laws introduced by APRA needs to take place, #3 the former Principal Researcher at APRA between 2004 to 2010 Dr Wilson Sy must be called before the Royal Commission to testify about the practices of APRA while he was there.

Thank you,

Brendan Rolfe.
