To Comissioner Hayne: Regards, to the Interim Report of the Financial Service Royal Comission, there are Heroistic Things to Do for the Australian People and it is all awaiting for Your Exellencie's Action Plan. The Outcomes of this must to bring a New Banking Structure/ Glass Steagal/ which Stops the manipulativ, corrupt nature of the Banks in handling Money. The Reason is: it can bring a Disaster of Bailing Out the Australian People Deposits at Any Time. The Corruptly Excepted New Bill made in February for the APRA is Support this Danger. Comissioner Hayne, Your Action can make a Historical Difference. Break up the Banks! Bring Simplicity and Trancparency in the Regulatory System/APRA. Yours, Faitfully, Teodora Nagy
