I lodged submissions PWF 0001.0001.0437 and 2079. The Commission has not investigated the complaints I raised. 0437 relates to [REDACTED] I was defaulted by [REDACTED] just prior to the takeover, for an unknown reason the commission did not investigate what had taken place with the commercial loan book prior to the takeover. It is in record [REDACTED] had been looking at [REDACTED] from early 2008. The Commission looked at [REDACTED] post takeover [REDACTED] and concluded it was in shareholders best interests of those loans were defaulted. I am not in that category, I do note it was not in the best interest of the borrowers to be defaulted and the manner in which it was done affecting people's lives.

2079 relates to [REDACTED] stockbrokers opening accounts while under an enforceable undertaking from ASIC losing the money in our accounts which was exactly what the enforceable undertaking was to prevent during the time of the enforceable undertaking.

My submissions have not been investigated, the Commissioner must request an extension to allow persons such as myself to appear before the Commissioner.
