Dear Commissioner, We Need Glass Stegall To my mind over the years the banks have been a law unto themselves .

1. When you do a contract with a bank they can change the interest rate and the rules to suit themselves, that is not a contract.
2. Glass Stegall needs to be introduced to separate the Banks from Superannuation and what you are investigating.
3. We need a Separate peoples Bank for Common Wealth to build this Country to get Vested interests politically to stop this country from being Bled and ripped off for this Financial rotten system is all through industry.
4. This peoples Bank can build infrastructure in this country just Like Industry Based Super Funds have for their workers not for profit.
5. The Major principle here is that Neo Liberalism and vested interests are destroying the new technology advancements. This Investigation needs to be EXTENDED as tax payer gladly support fully.
