Your submission:

Dear Kenneth Hayne,

I am delighted to see some honesty coming from your inquiry amidst of all negative news.

Certainly, your work has shown that banks are clearly guilty of misconduct and shocking practices.

Now, how to stop these from re-occurring again?

Your responsibility is to tell all Australia that the banks are not allowed to engage in such fraud again.

I hope that you tell the government to introduce a tough law to protect us from the greedy bankers.

Kind regards
