I'm a kitchen hand with meagre savings. The banks are ripping off my son with a no-interest kids savings account. Next they will try to rip off my savings when the government lets the banks confiscate deposits! We need protection from these banksters who gamble with our money into derivatives and junk bonds and then expect us to bail them out! They do what they want risk free and pay themselves huge obscene salaries and bonuses. Bring back Glass Steagall to ensure investment banksters wear their own risk!

Thank you
