This is a about the Rip off and poor Financial practices at [REDACTED] Insurance Disabled quadraplegic pensioner ripped off I cancelled my policy in February 2018. You'd think they would honour your request but being the money hungry that they are have now cost me \$80:00 in bank charges and they have still been direct debiting my account to this day. (Today) when I challenged them they were extremely rude degradations In short I wouldn't on any of them if they were on fire. The people at [REDACTED] INSURANCE keeps debiting my Bank account MANY TIMES OVER THE COURSE OF THE WEEK. I repeatedly phone them and said I cancel my policy !!
