Your submission:

Mr Commissioner, Thank you for the work you have done over the past weeks and uncovering the various banks wrongdoings including superannuation. The evidence uncovered to date proves the necessity of a separation of the Banks from Superannuation and this should also to include the Industry Funds. Superannuation should be run by the Federal Government with legislation to stop pilfering of funds by Government. Also the legislation should include a provision that the opening balance of a fund cannot finish the year with a lesser amount. The interest rate must also at least equal the Bond Rate. Having general regard to the separation of the banks via a Glass Steagall method I would also ask that you consider this option and the removal of Bail In etc laws. I have had dealings with the [REDACTED] and found that the organization was set up by the banks for the use of the banks and must be replaced by an independent Authority. Thank you this opportunity to express my opinions. [REDACTED]
