Separate banks from super and insurance now !!! legislate glass Steagall now. support bob Katter in a fairer shair of wealth for middle to lower income families. The royal commission has already produced enough evidence of untrust worthiness of these instutions. Until jail terms are imposed on these unaustralian low moralistic leaders of these organisations there will be no change. I implore this commission to do the right thing for all Australians and use all the tax payers money funding this investigation to provide an outcome. GLASS STEAGALL NOW. yours truly . Jay Dellavanzo. GO FORWARD AUSTRALIA.
