Your submission:

My husband and I have our own self managed superfund . After having bad experiences with others who were so called specialists I would not want to let anyone else run my super as I do not trust their ability to make good judgements for my hard earned money. Since having our own fund we have not lost any money, and due to our investments that we made the decisions on, it looks as if we should be able to keep our house, and have a reasonable life style. We have our fund checked and audited each year to ensure we are following the rules, and feel we are happier and better off by running it ourselves. sincerely Vanessa Errol
