I firmly believe that the Banking System Reform (Separation of Banks) Bill 2018 that has been tabled in Parliament to stop the banks' looting of superannuation .I totally support the objectives of Bob Katter's Separation of Banks to finally stop the banks from looting superannuation. Based upon the 2008 events, and the horrid examples of gross improper tarding, banks should not own super, or any other speculative financial business, and that super is just one of the reasons Australia needs a Glass-Steagall structural separation of the banking system. Your grandchildren will say thanks!
