Your submission:

Banks should not be involved in Superannuation. It is ONE reason why banks should be structurally separated, mandated by legislation. Bob Katter introduced The Banking System Reform (Separation of Banks) Bill 2008 into the Australian parliament on 25 June 2018 to achieve a Glass-Steagall separation of commercial banks from all other financial activities for Australia. A legislated structural separation is desirable and necessary to address inherent problems in the banking/financial sector.
