I believe there should be a legislated structural change to fix superannuation problems. With regards to Bank ownership of funds, I believe this should not be allowed. Further, I believe that a Glass-Steagall type structural separation of the banking system would achieve this as well as fixing a number of other problems unearthed by this Royal Commission. To this end I would suggest that consideration should be given to the Banking System Reform (Separation of Banks) Bill 2018. Cheers and keep up the good work.
