Submission for: My Self

Name of other person, business or organisation:

Do you agree to your submission being published: Yes

Do you agree to your full name being published: Yes

Your submission:

there appears to be very little information from accountants as to who is responsible for the drawings made by individuals who may be a partner or may have some interest in the disposal of the funds from a superannuation fund, there needs to be some avenue of information as to who can draw down on the fund at any given time, this would include the beneficiaries of the fund with the written permission of the principle beneficiaries and any nominated party to the fund.... thanks you for the opportunity to make this submission Geoffrey Adams
