We need a better way. I am 30 and will have no super or pension at this rate. I work hard and run my own small bussiness.. and economically its really bad the numbers dont add up.. i was born and raised in canberra and have an understanding of how things "work" we have bitten off more than we can chew and will really hurt our future, i feel sorry for all the kids (under 18) as they will have to deal with this greed and crazy inflation, i actually cant wait to see what happens with my country as i am completely debt free.. i close with, we clearly need a new system, unless the rich and greedy want to pay for us all but the bubble is about to burst. Be proactive and dont wait till its to late i have million ides for the goverment moving forward and money has to stop being the be all or it will end us all. Everything in Australia is a transaction even your marrige i dont want to live in a society like that.I WILL FIGHT IF I HAVE TO..
