Your submission:

At the risk of my comment being classed off subject I wish to submit the following.... When the corrupt banks continue to operate outside our constitution of 1901 and in no way give the Australian people what was determined there by, we can expect to see exactly what we are seeing. Who gave these entities any right to create money (a right given only to our constitutional government) and who gave them the right to dictate any measures of control which they deem to be required at any given time to their sole advantage? Yes who???? Please take action now, as I demand you commence legal action immediately and stop wasting time, money and effort in what you are doing now. Let me see some real effort in the right direction. These so called "banks" have ripped off the citizens of this country for so long that many citizens now consider this to be the norm. In fact they are an illegal, ruthless self-serving entity which has been allowed to exist by being blatantly patronised by our elected representatives. These representatives have permanent staffs available to do all that which is presently required but is illegally coveted by these "banks" to perform their illegal activities. This situation is a worldwide problem and has existed for a long time but please make it last no longer as such in Australia. Do not accept the "banking system" which we have which is absolutely ridiculous, unnecessary, illegal and destructive for each one of us. Do not spend time and effort playing around with irrelevant rubbish that the "banks" want to pursue! PLEASE WORK VERY HARD TO GIVE US THE BREAK WE DESPERATELY DESIRE AND DESERVE. LET THIS BE THE LAST TIME WE HAVE TO BRING THIS TO YOUR ATTENTION!!
