Upon moving to Victoria in January 2001, my husband and myself met with a Financial Advisor in Geelong to tidy up our Superfunds.

His recommendation was [REDACTED] which unbeknown to us at the time was a [REDACTED] Fund.

In 2014, we realised that over the period, we had been being charged fees from Financial Advisors we had no knowledge of. I did query this with [REDACTED] at the time to no avail.

We hadn't been receiving correspondence or advice from a Financial Advisor over the period.

Unfortunately, when we joined a new Super Fund in 2014, the only records I have kept is the Exit Statement. I have included the front page in this submission for both myself and [REDACTED]
