All,

Bob Ole will be SAM manager on this file with Bob King being second. Lori please include in stats. Anna, default data is attached to WR 287005. Patrick FYI.

I have downgraded to Substandard. Bob / Peter I will leave you to arrange with branch to downgrade to D1 in CMS+ as clients are in default. Next review by 31/12/14 but SAM will need to meet clients very soon as they are in excess and will need funds to see through season / marketing program.

I have not completed WR 287005 because I do not wish to approved the proposed requests and instead will leave to Bob Ole after he has had an opportunity to speak with clients and RM about best way forward. He may subsequently approve the WR as is or ask for amendments in line with his strategy.

Kind Regards

Andrew Graham
