Adrian & Wendy,

I'll organise a temporary increase of \$50k through until the end of April. Once you find a vehicle we can do a direct debit into the dealer's account if you want to let us know some account details etc.

I won't be able to get up to see you until the week beginning the 28th so I'll lock in a visit for Tues the 29th but will talk to you beforehand.

Could you let me know what proceeds you are expecting from the sale of any real estate just so I have a bit of a picture before I come to see you.

Have a safe trip.

Regards

Subject: vehicle

[REDACTED]
Adrian and I are flying home on the 15th here so we will land in Brisbane on the 17th. We will have to purchase a vehicle to get home. We are looking into a dual cab, I think that we mentioned it before.

Obviously, there isn't enough money in our checking account. Can we have an extension or chattle finance.

We will be transferring money from the USA back to Australia. Also, we have sold some real estate so that money will be in our account on or about the 8th of April. We also have the \$47,000 from Campbell to come in on the 1st April. I will also be transferring money from our FMD to help with the cashflow when I return to Australia.

We are still waiting on the sale of our US house that will come in hopefully in the next few months.

If it is possible, could you please come up by the 25th March, so that we can get a plan going to restock Kia-Ora and begin the production phase again. We are anxious about what we can work out. We have some ideas, though.

We will contact you when we find a vehicle in Brisbane so that the amount will be covered. We anticipate approximately 25000-30000 to be necessary for the vehicle.

Thanks,
Wendy Brauer
