Hi Wendy

Thank you again for your hospitality and I do look forward to catching up again in the near future.

With regards to the annual review and proposed loan increase I have forwarded a request to Active Financial Answers to provide the 2010 financial statements and also require the current year to date management figures from yourself. Once I have the necessary information I will be able to discuss with you further.

Cheers

Greg

Morning Greg.

Thank you for your letter. It was very nice meeting you. We have had a great relationship with Rabobank and [REDACTED]. We look forward to continuing with you. Thanks for taking time to get acquainted with us.

I am also enquiring about the loan extension that we talked about when the two of you were here. Can you please let me know the status.

Look forward to bearing from you.
